Just to Remind You.

On Wednesday evening, June 3rd at Norway Opera House, Chester E. Oelrich and his company of local players will present Hall Gaine's famous play, "The Christian." The theatre group people of Norway and vicinity are anxiously awaiting this treat. They know from past experience that the company Mr. Oelrich has grouped around him in his support are the pick of the local talent. They know that the scenery and effects used in the production are new, and they also know that the present play is one that has been heralded from coast to coast as a masterpiece in its line.

From the prologue to the final fall of the curtain every movement of the play's action contains real enjoyment. The plot, while intense, is clear, and both young and old, not only find pleasure in witnessing it but carry away from the theatre a lesson that will tend to mould their future lives.

A few press notices which appeared in New York city papers during this play's wonderful run of over one year at the Herald Square Theatre.

"An evening of great enjoyment, better than a sermon."—N. Y. Telegraph.

"A play much needed by the American people."—N. Y. Morning Press.

"The Christian" now in its 37th week, and the house sold for over three weeks in advance. This speaks for itself."—N. Y. Sun.

In order to avoid disappointment seats should be secured now. On sale at Stone's, Benefit Episcopal church.

A Splendid Chance.

Everybody who is weak, delicate or sickly wants to get well. Dr. Greene, of 34 Temple Pl., Boston, Mass., makes a specialty of treating patients free through letter correspondence. The wisest thing all suffering people can do is to write Dr. Greene, stating just how they feel, mentioning every symptom of which they complain, and he will answer the letter, explaining each symptom and describing the case so thoroughly that patients understand their complaint as well as though they had talked with the Doctor. He makes his explanations so clear that they cannot help but understand just what ails them, and he tells exactly what to do to get well. It saves a journey to the city and doctor's fees, and costs nothing. Dr. Greene is the most successful specialist in curing nervous and chronic diseases. He is the discoverer of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. Thousands are being cured through his perfect system of letter correspondence. It has been proved successful.

A Cough Medicine

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

We publish our formulas. We have a booklet. We use purest ingredients. We use purest ingredients.

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick-headaches, they cannot be excelled. Ask your doctor about this.

Made by Dr. J. C. Ayer & Co., Lowell, Mass.

Betty Ellen Hobbs.

Betty Ellen Hobbs was born in Norway, March 2, 1883, and died in Bristow, Neb., May 5, 1908, aged 25 years, 2 months and 3 days.

Deceased was married to B. G. Holt at Norway, Dec. 21, 1888, to which union eight children were born, of whom seven survive her, namely, Mrs. G. W. Thomas of Creighton, Neb., Mrs. J. H. Rothwell of Lincoln, Neb., F. A. Holt, Mrs. L. L. Arnold and Osgood Holt of Bellingham, Wash., Wm. R. Holt of Creighton, Neb., and S. A. Holt of Bristow, Neb.

The deceased with her husband and family moved from Maine to Creighton, Neb., in August, 1878, being the pioneers of Knox county. Since this date the home has been at Creighton. It was here her husband died Oct. 18th, 1903.

The life of the deceased has been one of activity, devoted to her family, to her country and to her God. During the years of the civil war she stood nobly at the helm of a family of three children, battling for the home against privation, while the husband and father fought in war, never having an idle moment. She has ever been a friend of the needy, giving and administering to all around her. She was for fifty years a member of the Universalist church, and died in that faith.

The funeral was held Sunday afternoon at 4 o'clock from the home of her daughter, Mrs. George Thomas, and burial made in the Creighton cemetery.

"Trouble" at the Opera House.

There was "trouble" at the Opera House, Friday evening and lots of it. The trouble, however, wasn't of the nature that it troubled the majority of the people in the manner that trouble usually troubles people. It isn't very often that trouble gives pleasure to so many people as it did on this occasion, but trouble this time was that more people ought to have been present and witnessed this "trouble."

We refer, of course, to the drama, "Trouble," that was presented by the Edward Little High School Dramatic Club for the benefit of the athletic association of the Norway high school.

Trouble started for fair when Tom, Dick, who was very much opposed to the marrying Kathryn and resolved to play a part and win her. He found a photograph and "made up" to resemble it.

Home and Tom resembled him so much that they were in trouble a good part of the time and when Harry, Tom's twin brother, appeared on the scene the combination of Tom, Dick and Harry made things lively for everyone. Everybody but the right ones were meeting and got mistakes for the other one. The general was nervous and had all kinds of

"Holier Than Thou" Platform.

Whereas, It was decreed of old that holier shall inherit the earth, and whereas, we admit we are the saints and are entitled to the obedience of mankind, for, by the plan of selection all wisdom and virtue are covered when we wear hats.

And, whereas, principles and standards can be right only when so declared by us and candidates are worthy of support only when anointed by our particular brand of oil;

And, whereas, it is predestined that we can do no wrong;

"Therefore, Be it resolved, that if we cannot rule we will ruin; that it is justifiable to hide our true sentiments and take part in caucuses and conventions, secure reserving the right to vote and work against nominees not satisfactory to us; that it is proper for us to accept party nominations without disclosing the fact that we will betray the majority who elect us; that instead of honestly advising our independence and inviting the voters of the word do distinct platforms, we will attempt to control party caucuses and thereby steal the victory of the devil to serve heaven.

Resolved, That because of our superior patriotism, integrity, morality and intelligence we are fully chosen to purify politics in any way that seems to us best.

Therefore, We believe that the perpetuity and prosperity of our free government demand the elimination from politics of the illiterate, the wealthy, the man of affairs, the man of no imagination and especially the man who does not on all occasions and everywhere loudly proclaim his incorruptible honesty.

Resolved, That we sincerely believe that the era of good conscience is on us, and cannot possibly be on others, therefore the process of elimination requires the elimination from politics of those who are associated with the business upon whom we depend to support our town, churches, libraries and schools, but whose moral sensibilities are so blunted that they feel bound to implied as well as expressed obligations.

A man whose word is as good as his bond, whose attitude is known at all times, who will not accept or seek office by false pretense, is not fitted to live on the lofty heights we occupy where the air is so pure and rare that constant lobbying is necessary to maintain a semblance of equilibrium.

Resolved, That while we have no part in bribery, and believe it beneath our dignity to come in personal contact with the "common voter," and that we are acting in the open by fulminating from the platform, but are absolved from the "unvarying law of honesty" so far as it conflicts with any duty of fairness when seeking office from the hands of the people.

It is a crime for the party who to give a poor man ten dollars to influence his vote, and to arrange the ballot with party candidates in one column, but it is the sublimation of honor for us to fly any flag to gain our ends and save our money. Being better qualified to pass on public measures than our constituents we should be leaders rather than tools, and we can better serve ourselves and incidentally the country, by acting in accordance with our own views rather than the wishes of those we are supposed to represent.

While among more sordid mortals betrayal of confidence is considered a heinous crime, yet in our fight to save the people from themselves we will descend to that, and it should be accounted to us for righteousness.

Resolved finally, That all straight party men are corrupt; that we will be republicans, democrats, prohibitionists, or anything but independent before the primaries, and after we will be free booters, guided only by our personal whims. Silence at the right times insures success. Good citizenship implies frugality with money and liberality with deceit.

It is a deplorable fact, that so few people measure up to our standard of good citizenship, but, thank heaven, we are the few.

Where Are Male Robins?

A friend of ours who delights in life in the open but who like many of us is condemned by the exigencies of life to stay in town the greater part of the year, still finds much enjoyment and recreation in observing the various species of bird life with which he comes in contact. He has developed into a keen observer and his walks, even those between his home and his place of business, nearly always result in something of interest being seen.

To illustrate, he says that although the robins so far as he can tell are fully as numerous this year as in seasons past, yet he does claim that the percentage of males is much smaller than usual and that where commonly the male birds were nearly as plentiful as the females, this year one will see only an occasional male.

The reason for this change in the ratio of the sex of robins he does not attempt to explain, merely citing the fact as an interesting observation, but suggests that possibly it may be the result of the indiscriminate and thoughtless slaughter of these birds in the South during the past winter.

It is known that the state of Louisiana alone many thousands of these little redbreasts fell before the guns of the hunters, and it may be that the male birds are the especial targets of the southern gunners and that this is the reason of the decrease which is noted.

I Can't Bother.

I would like to write a few lines about
horses in this place as I am a
writer, and I imagine it is about the
same all over the State. You will see,
for instance, farmers going to these sale
stables to get horses when they have
good farms and plenty of hay.

Now it seems to me it would be better
for these farmers to have horses to sell.
But they will say that they can't bother
with a colt and they want to haul timber
in the winter. Don't it look like a both-
er to pluck down from \$300 to \$500
every few years for a new pair, and be-
sides that nearly one-half of these men
lose one or both horses with no respect
to persons, and that means cough up
some more dough.

Some of these men will clear from
nothing up to \$100 by working them-
selves and team and feeding out \$150 in
grain, to say nothing about the good hay
that would keep a pair of colts growing
with a little grain raised on the farm,
but they will give you the same old gag
in reply that they can't bother with a
colt.

I don't see much chance of a change
until these same men realize that it is
the kind of bother that pays, not only in
saving money but by the income which
otherwise would come in from the farm.
This, I suppose, is debatable ground and
I would like to contest it, for if there is
any doubt I wish to claim the benefit of
the doubt.

Mi-o-na Means Stomach Comfort

It's of Special Value to Many Here in
Norway.

A notable discovery, and one that ap-
peals especially to many people in Nor-
way, is the combination of stomach
help in the Mi-o-na treatment. This
preparation works wonders in cases of
indigestion and weak stomach.

It acts directly upon the walls of the
stomach and bowels, strengthening and
stimulating them so that they readily
take care of the food that is eaten with-
out distress or suffering.

So positive are the good effects fol-
lowing the use of Mi-o-na, that the
remedy is sold by Frank Kimball, pro-
prietor of the Noyes Drug Store, under
an absolute guarantee to refund the
money if it fails to cure. A 50-cent box
of Mi-o-na will do the good the stomach
needs, which is simply to make it do its
own work.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind,
discourages and lessens ambition; beauty,
vigor and cheerfulness soon disappear
when the kidneys are out of order or dis-
eased.

Kidney trouble has become so prevalent
that it is not uncommon for a child to be
born afflicted with weak kidneys. If the
child urinates too often, if the urine scalds
the flesh, or if, when the child reaches an
age when it should be able to control the
passage, it is yet afflicted with bed-wet-
ting, depend upon it, the cause of the diffi-
culty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
trouble is due to a diseased condition of
the kidneys and bladder and not to a
habit as most people suppose.

Women as well as men are made mis-
erable with kidney and bladder trouble,
and both need the same great remedy.
The mild and the immediate effect of
Swamp-Root is soon realized. It is sold
by druggists, in fifty-cent and one-dollar
size bottles. You may have a sample bottle
by mail free, also a Home of Swamp-Root
pamphlet telling all about Swamp-Root,
including many of the thousands of testi-
monial letters received from sufferers
cured. In writing Dr. Kilmer & Co.,

this paper. Don't make any mistake,
but remember the name, Swamp-Root,
Dr. Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every
bottle.

TO RHEUMATISM SUFFERERS.

Scientific Treatment That Costs Nothing
Unless It Cures.

Neuralgic Anodyne's remarkable
cures of rheumatism has probably
caused more favorable talk and com-
ment than any other rheumatism cure
ever put on the market, as it seems un-
failing in curing this dread disease.

It is much more successful than ordi-
nary rheumatism remedies, due to its
action being entirely different. It is
taken in small doses internally, reach-
ing the nerve centers and driving the
Uric Acid from the blood. At the same
time, it is rubbed on the affected parts,
and thus its curative power goes
through the pores of the skin to the
aching tissues and throbbing nerves,
giving quick relief and cure.

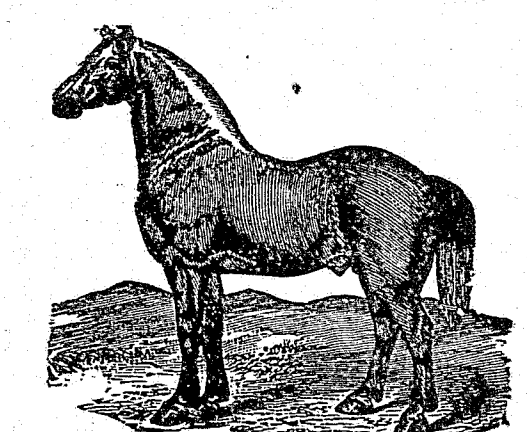

So reliable is the Anodyne in curing
rheumatism, neuralgia and all aches
and pains that it is sold under an ab-
solute guarantee to refund the money
if not satisfactory.

A large-sized bottle costs 25c; noth-
ing if it does not cure. It is made by

Flag Raising.
There was a flag raising at the Webber schoolhouse, Friday afternoon, May 22, when the beautiful flag given by Harry Goodyear to the Ladies Relief Corps and them presented to the school was flung to the breeze. The program, owing to the threatening skies, was entirely carried out within doors. The people assembled completely filled the schoolhouse. But it was a good natured crowd and enjoyed the entertainment to the end.

There were several recitations, readings and songs by the children, also the flag salute given by the entire school. After a few remarks by the superintendent, Rev. Frederick Newport spoke very appropriately to the scholars. He pointed out the meaning of the stars and stripes, also told them what the flag was emblematic of. Cyrus Chaplin of Welchville was the next speaker. Mr. Chaplin is a war veteran and related some incidents which occurred during the Civil war.

Freeman B. Andrews was the last speaker. He spoke fittingly to the children and gave them some very good advice which if carried out would tend to make them better men and women. At the close of his remarks the thirty minutes match for points the flag pole. The flag was quietly bent on and pulled to the mast head. Its graceful folds floated on the breeze three cheers and a tiger were given for its donor.

The people again took seats within the schoolhouse and an old-fashioned spelling match was indulged in between the Caldwell scholars from East Oxford and the scholars of the Webber school. In thirty minutes match for points the Caldwell school won 19 to 11. The two schools then lined up and spelled down Webber school winning out.

There were many schools represented. One class from Norway grammar school, one from Oxford high, the Fore street members of the G. A. R. and L. R. C. were present besides the parents and friends of the scholars in the Webber district.

Jacobs-Hazleton.

A quiet home wedding occurred at the home of Mr. and Mrs. E. Jacobs, Winter street, Monday evening, June 2, when their son, Ralph Y. and Clara Hazleton were united in the holy bond of matrimony by the Rev. B. S. Hideo, pastor of the Second Congregational church, the single ring being used.

The bride was tastefully attired in blue silk muslin with white lace trimmings, the groom in the conventional black. The parlor was simply decorated with asparagus fern. Only immediate friends of the couple were present.

Cake and ice cream were served after the ceremony. The guests departed after a social evening, wishing the happy couple many years of happiness and prosperity.
